## **TARO BASE Cream**

**TARO BASE** is a water miscible, non-greasy, non-medicated hypoallergenic, lanolin free dermatological base.

*It is recommended for the preparation or dilution of dermatological creams and is particularly suited for use with many oil-in-water emulsion based topical preparations.*

Store at room temperature (15 °C - 30 °C).

**FOR EXTERNAL USE ONLY.**

Available in jars of 450 g. "
